

IV. The Terms of the Proposed Consent Agreement

The proposed Consent Agreement will remedy the likely competitive effects resulting from Simon's acquisition of Prime's outlet centers in each of the relevant markets discussed above. Pursuant to the proposed Consent Agreement, Simon will divest one outlet center in Southwest Ohio. This will remedy the competitive harm in that market by ensuring that Simon will not have a monopoly. The proposed Consent Agreement also requires Simon to waive enforcement of radius restrictions in the Chicago metropolitan area, which will eliminate a significant entry barrier that otherwise would likely preclude entry in Chicago. Finally, in Orlando, the proposed Consent Agreement requires Simon to waive enforcement of radius restrictions, which will make new entry substantially easier. Additionally, the proposed Consent Agreement requires Simon to provide tenants at all three outlet centers it will own in Orlando with the unilateral right to extend existing leases under existing lease terms up to January 1, 2015, with no penalty.

Finally, the proposed Consent Agreement requires Simon to maintain the Southwest Ohio outlet centers at full economic viability, marketability, and competitiveness until the divestiture of one of the outlet centers to a Commission-approved acquirer is complete.

V. Opportunity for Public Comment

The proposed Consent Agreement has been placed on the public record for thirty (30) days for receipt of comments by interested persons. Comments received during this period will become part of the public record. After thirty (30) days, the Commission will review the comments received, and decide whether to withdraw from the proposed Consent Agreement, modify it, or make it final. By accepting the proposed Consent Agreement subject to final approval, the Commission anticipates that the competitive problems alleged in the complaint will be resolved. The purpose of this analysis is to inform and invite public comment on the proposed Consent Agreement, including the proposed divestiture, and to aid the Commission in its determination of whether to make the proposed Consent Agreement final. This analysis is not intended to constitute an official interpretation of the proposed Consent Agreement, nor to modify the terms of the proposed Consent Agreement in any way.

By direction of the Commission.

Donald S. Clark,

Secretary.
